Below is great example of a thank you photo for a scholarship donor.

This student read the requirements above very carefully. She found a friend to take a photo and staged herself in front of a non-distracting background. She removed her sunglasses and hat and made sure to get a clear, non-blurry photo. She also made sure to stay away from any filters that would alter her image. Considering the outlined criteria for photos, ensures that you are the focus for scholarship donors and is an encouraging reminder of their investment in your education.

Please contact the Scholarship Office if you have any questions, we will be happy to assist you.
