Procedure Summary

Texas A&M University-Corpus Christi (TAMU-CC) may adopt and protect official seals and other identifying marks of the university. The university seals, graphic marks, and slogan perform instrumental roles for establishing and maintaining institutional identity and public recognition. The seals and identifying marks may not be used without the express approval of the university President or designee. Guidelines for best practices in the use of the university seals and identifying marks are essential for maintaining their integrity.

Procedure

1. GENERAL

- 1.1. TAMU-CC prohibits the use of any of its registered symbols, insignia, or other identifying marks without express written approval. For purposes of this procedure, this prohibition includes but is not necessarily limited to all registered marks of the university's name, abbreviations, symbols, emblems, logos, mascot, slogans, marketing themes, official insignia, uniforms, landmarks, and songs.
- 1.2. The President of TAMU-CC has delegated the authority to approve the use of university identifying marks for printing, advertising, or other public distribution to the Vice President for Institutional Advancement. Guidelines and practices for using the seal, graphic marks, images, and slogan will be developed and published by the department of Marketing & Communications (MARCOM). The President has delegated the authority to license the commercial use of university identifying marks to MARCOM.
- 1.3. Internal audiences are defined as those persons or groups within the university community, including current students, faculty, and staff.

- 1.4. External audiences are defined as those persons or groups outside the university community, including prospective students, alumni, donors, regents, elected officials and other officers of the State, members of the media, and the public.
