4. INTERNAL REVIEW OF NEW COURSES AND CATALOG REVISIONS

4.1. The originator secures the support of the department chair, academic unit dean/director, and Office of the Provost.

4.2. The appropriate forms must be completed in the approved university catalog database by the originator or their departmental designee (e.g., department chair, department administrative assistant). Requested syllabi should include the course number, the name of the course, a course description, students learning outcomes, major assignments, required readings, grading criteria, and a course schedule.

4.3. According to the SACSCOC Resource Manual, curriculum approval will begin at the department or program level and be controlled by the faculty. Therefore, the catalog revision proposal must be reviewed and voted on by departmental faculty first and then forwarded no later than December 1st to the academic unit's curriculum committee for consideration, whose deadline for recommendations is no later than January 15th.

4.4. The academic unit dean/director's office will work with the originator and the department chair to ensure that any changes requested by the majority of the academic unit committee are made in the approved university catalog database. If the department faculty disagree with the changes requested, an explanation of the disagreement must be noted and forwarded with the proposal no later than March 15th. If the academic unit's faculty handbook calls for it, an all-faculty vote must be taken before the academic unit dean/director's recommendation is forwarded.

4.5. Materials will be forwarded to the UCC no later than March 15th. Prior to the committees' meeting(s), members shall share proposals with their constituencies in order to solicit feedback to bring to the committee meetings. An agenda must be sent to the academic unit dean/director's office at least five (5) business days prior to the meeting. In order to facilitate the necessary discussion, meetings will be conducted in a medium to encourage synchronous interactions (e.g., face-to-face, web conferencing, conference

call). Anyone in the university community is welcome to attend UCC meetings but will need to be recognized by the chair for speaking privileges. The recommendations of the UCC need to be submitted no later than May 1st.

4.6. Materials will be forwarded to the Division of Academic Affairs. A representative from the Division of Academic Affairs will provide a list of courses under consideration to the Registrar's Office by May 23rd and Veteran's Affairs by June 1st. The Division of Academic Affairs staff will also contact originators and department chairs regarding any changes recommended by the UCC. If there is a difference of opinion regarding changes, then the Division of Academic Affairs will facilitate conversations to collaboratively find solutions. The President has the authority to make a final decision.

4.7. The catalog will be published no later than June 15th.
