

I-20 Extension Request Form

An extension request must be received 30-60 days prior to the expiration date on your current I-20. If you fail to meet the deadline, there is no guarantee that your request will be processed before your current I-20 expires. This may have a negative impact on your immigration status.

To be eligible for a program extension, you must be maintaining status, making normal progress toward completion of your degree and have incomplete academic requirements.
